

Name:	Affiliation/Title:
Alba Amilburu	University of Basque Country Natural Kind Thinking in Philosophy of Science: a Meta-theoretical Analysis
Benjamin Andrae	Munich School of Philosophy Different kinds of error in strong teleosemantic theory of representation
Sander Beckers	KU Leuven Actual causation in cases of preemption: the CP-logic approach
Elvira di Bona	Jean Nicod Institute & Vita-Salute San Raffaele University On Hearing Sound Sources
Patrick Butlin	King's College Teleosemantics and the Direction of Fit of Desire
Catrin Campbell-Moore	LMU Munich Type-Free Theories of Higher Order Probability
Frank van Caspel	Open Universiteit Dynamical Functionalism and the Ontology of the Mental
Stefano Catelan	University of Durham Lesser Identity
Giovanni Ciná	UVA A Formal Analysis of the Best System Account of Lawhood
Juliusz Doboszewski	Jagiellonian University, Cracow Specious present, metaphysical indeterminacy and the A-theory of time
Patryk Dziurosz-Serafinowicz	Rijksuniversiteit Groningen Are Humean Chances Formally Adequate?
Coos Engelsma	Rijksuniversiteit Groningen Foundationalism and the Arbitrariness Objection
Katharina Felka	University of Hamburg Nominalizing Number Words
Peter Fritz	University of Oxford What Makes Possible World Semantics Possible?
Jie Gao	University of Edinburgh Rational Action without Knowledge (and Vice Versa)
Alexander Gebharter	HHU Düsseldorf Mutual manipulability: Sufficient for uncovering constitutive relevance relations?
Leon Geerdink	Rijksuniversiteit Groningen Embracing The Plurality: Interpreting Reasoning Tasks From A Logical Pluralist Perspective
Harmen Ghijsen	KU Leuven Sensations, Seemings, and Beliefs: Three's a Crowd
Mads Goddixsen	Aarhus University Studying differences in explanations across scientific disciplines: An empirical approach
J.C. (Jasper) van den Herik	Erasmus University Rotterdam Thinking beyond the Neo-Cartesian dualism through the study of emotions
Ronnie Hermens	Rijksuniversiteit Groningen Reduction in Gibbsian Statistical Mechanics
Sanna Hirvonen	University College London Nonrepresented Constituents and Perspective Dependence

Name:	Affiliation/Title:
Kinga Jęczyńska	University of Warsaw Block's distinction between access and phenomenal consciousness in the face of empirical data
Ansten Klev	Leiden University Categories and logical syntax
Jens van 't Klooster	University of Antwerp Practical Self-Understanding and the Circularity of Consciousness
Franziska Köder	Rijksuniversiteit Groningen Reported Speech and Pretend Play
Pieter van der Kolk	Rijksuniversiteit Groningen The Rationality of Permissiveness
Jakob Koscholke	University of Oldenburg Eplanatory Coherence - The Probabilistic Way?
Karolina Krzyżanowska	Rijksuniversiteit Groningen What "must" and "should" can mean
Ben Liao	University of St. Andrews On the Question of Modal Realism and (Anti-)Haecceitism
Melissa MacAulay	Western University Is the Feeling of Times Passing a Reason to Reject the B-theory of Time?
Johannes Marti	University of Amsterdam Two-Dimensionalism and Interpretation
Jakub Ryszard Matyja	University of Huddersfield Movement to music and the theoretical concept of musical affordances
Stefan Mendritzki	Eindhoven University of Technology A Tale of n Solitudes?
C. Naomi Osorio-Kupferblum	University of Vienna Identity Conditions of Languages
Andrei Nasta	University of East Anglia Logic in Natural Language
Rik Peters	VU Optimism and Irreversibility: the necessary illusion of teleology
Stellan Petersson	University of Gothenburg Explicatures, speech-act pluralism and the attitude of holding a sentence true
Stefan Pliquet	University of Amsterdam Embodied Subjects as Temporal Objects
Giulia Pravato	Ca' Foscari University of Venice Faultless Disagreement Without Relative Truth
Stefan Rinner	University of Salzburg Russell's Theory of Ordinary Proper Names
Insa Röpke	Bielefeld University Mechanistic Descriptions and Perspectival Knowledge
Carlo Rossi	University of Cambridge Defining Endurance
Antje Rumberg	Utrecht University Branching Models for Real Possibility

Name:	Affiliation/Title:
Sergi Oms Sardans	University of Barcelona, Logos Towards a Conditional for the Sorites and The Liar
Michael Schippers	University of Oldenburg Coherence and (likeness to) truth
Sidra Shahid	University of Amsterdam Religious Belief and Transcendental Certainties
Mattia Sorgon	University of Milan What Binds Stages Together?
Rebecca Spindier	Humboldt University Substance versus Real Patterns
Tom Sterkenburg	Rijksuniversiteit Groningen Solomonoff's Theory of Prediction
Marta Sznajder	LMU Munich Justifying Logics
Nahuel Sznajderhaus	University of Leeds The Nonexistent Copenhagen Interpretation of Quantum Mechanics
Ravi Thakral	University of St Andrews A Problem for Horwich's Account of Indirect Discourse
Martin Vacek	Slovak Academy of Sciences Concrete Impossible Worlds
Melissa Vergara-Fernández	Erasmus Universiteit Dealing with inconsistency in theories and models
Sander Verhaegh	Rijksuniversiteit Groningen Quine's Argument from Despair
Isabel Verkes	Utrecht University False Knowledge
Philippe Verreault-Julien	Erasmus University Rotterdam The explanatoriness of economic models
Martijn Wallage	King's College Seeing facts and occasion-sensitivity
Jacek Wawer	Jagiellonian University, Kraków Bivalence of future contingents and its metaphysics
Jan Willem Wieland	Ghent University Access, Shirkers, Regress
John Wigglesworth	City University of New York Logical Laws
Terry A Wilkinson Jr	Tilburg University Explanation, Variables, and Possible Worlds Semantics
Erik van Zwol	UVA Kant, Causality and Emergence
